

Prop apl recubridora diferenciable

Proposición 1 (Propiedades de las aplicaciones recubridoras diferenciables).

- (1) *Toda aplicación recubridora diferenciable es un difeomorfismo local y una submersión.*
- (2) *Una aplicación recubridora (topológica) es una aplicación recubridora diferenciable si y solo si es un difeomorfismo local.*

Temporary page!

L^AT_EX was unable to guess the total number of pages correctly. As there was some unprocessed data that should have been added to the final page this extra page has been added to receive it.

If you rerun the document (without altering it) this surplus page will go away, because L^AT_EX now knows how many pages to expect for this document.
